

Table 1
Authorized Wastes
Philip Restricted Use Solid Waste Facility

Under South Dakota law, local ordinances may further restrict some of the items listed below. The city of Philip may choose not to accept some of the items listed below.

Type of Waste	Handling Procedures / Requirements
<u>Construction and demolition debris:</u> Concrete, brick, stonework, asphaltic concrete, concrete block, asphaltic or fiberglass shingles, painted or stained wood, attached insulation, pipe, and similar wastes.	These wastes must be buried. These wastes may not be burned . Concrete, brick, stonework, asphaltic concrete, and concrete block may be buried or temporarily stored for subsequent recycling and reuse.
<u>Trees and untreated wood:</u> Scrap lumber, trees, tree branches, and brush. Painted, stained, glued, or chemically treated wood is considered treated and cannot be open burned.	These wastes may be burned or buried. Wastes to be burned must be isolated in a separate area of the site. Contact the local fire department, DENR-WMP, and local law enforcement prior to open burning.
<u>White goods/metals:</u> Refrigerators, washers, dryers, freezers, stoves, water heaters and other recyclable scrap metals, excluding petroleum fuel tanks unless they have been cleaned and can be recycled.	These materials may be accepted for temporary storage only. A properly certified or trained individual must remove all refrigerants (Freon) from refrigerant-containing appliances prior to recycling.
<u>Waste tires</u>	Waste tires may be accepted for temporary storage only. Keep tires at least 300 feet away from any open flame. Waste tires may not be burned or buried. Storage is not to exceed one year.
<u>Miscellaneous wastes:</u> Carpets, chairs, couches, mattresses, linoleum, glass, and similar items.	These wastes may not be burned. These materials must be buried.
<u>Ash</u>	Only ash from wood burning stoves or other household sources and authorized on-site open burning may be accepted for burial.
<u>Yard waste:</u> Leaves, grass clippings and similar vegetation.	Yard waste may not be burned. Yard waste must be composted. Reuse of compost shall be in compliance with applicable federal, state and local laws.

Table 2
Examples of Unauthorized Wastes
Philip Restricted Use Solid Waste Facility

The following wastes **are not allowed** to be accepted at this facility. If these substances/materials are found at the site, proper specific handling procedures and requirements are stated here for operator use. The DENR-WMP can be contacted at (605) 773-3153.

Type of waste	Handling Procedures / Requirements
<u>Hazardous waste:</u> Waste oil, solvents, PCBs, ash, or similar wastes.	Isolate waste and contact DENR-WMP as soon as possible.
<u>Pesticide containers</u>	Waste must be removed from the site and taken to a permitted solid waste facility or contact the Department of Agriculture for recycling options.
<u>Regulated asbestos-containing materials</u>	Isolate waste and contact DENR-WMP as soon as possible. Waste must be taken to a permitted solid waste facility.
<u>Lead-acid batteries</u>	Waste must be removed from the site and taken to a recycler that accepts lead-acid batteries.
<u>Putrescible wastes:</u> Municipal solid waste and household garbage.	Waste must be removed from the site and taken to a permitted municipal solid waste facility.
<u>Liquid waste:</u> Petroleum products, sludges, tar, paint, used motor oil, contaminated water, or other liquid wastes.	Isolate waste and contact DENR-WMP as soon as possible to determine appropriate disposal methods.
<u>Treated wood:</u> Wood treated with inorganic chemicals, chromated copper arsenate (CCA), pentachlorophenol (PCP), or creosote. CCA and PCP treated wood is commonly referred to as green or brown treated.	Waste must be removed from the site and taken to a permitted municipal solid waste landfill for disposal.
<u>Miscellaneous wastes:</u> Cardboard, plastic, plastic containers, Styrofoam, foam rubber, packaging materials, containerized paints, sealants, adhesives, and similar materials.	Waste must be removed and taken to a permitted municipal solid waste facility for disposal or recycled.
<u>Contaminated soil:</u> Soil contaminated with diesel fuel, fuel oil, kerosene, jet fuel, gasoline, pesticides, solvents, transformer oil, motor oil, lubricants, grease, tar, or similar materials.	Isolate waste and contact DENR-WMP as soon as possible to determine appropriate disposal methods.

Note: Materials containing cathode ray tubes (CRTs), such as televisions and computer monitors, may not be accepted at restricted use sites unless the operator is certain they will be recycled. CRTs may not be buried at restricted use sites.
